

UTL SPECIFICATIONS

Lamp type	Tungsten Halogen
Light output	115 Lumens (standard flashlight output with 2 D cells is 15 Lumens)
Color	Bright white
Battery Life	30 hours average (replaceable)
Voltage	4.90+/-0.01 Volts
Current	1.19+/-5% Amps
Run time	Minimum 50 minutes (continuous running)
Battery	Lithium (2 Duracell DL123A or equivalent)
Operating temperature	-32 C to +65 C (-26 F to 149 F)
Weight	150 grams (5.3 ounces)
Length	83mm (3.25 inches)
Height	53mm (2.10 inches)
Width	36mm (1.40 inches)
Mounting	clip on/clip off single hand installation and removal
Optional Accessories	Nylon tactical carrying pouch universal shotgun mount, remote cable switch

Key Features of the HK UTL

- compact and rugged design fits the USP
- lamp brightness superior to most flashlights focusable beam, spot to flood
- clip-on/clip-off design, can be installed or removed in seconds
- integral on-off switch prevents inadvertent operation
- uses easily replaceable standard lithium batteries
- fingertip on-off operation (toggle switch pushed to right, intermittent on only, toggle switch pushed to left, intermittent and constant on)
- optional remote switch, accessory pouch, and universal shotgun mount available

HK USP Accessories

*THE FUTURE
IS IN YOUR
HANDS ...*

TODAY.

The optional switch cord has a pressure pad on/off switch that allows the UTL to be operated remotely.

The addition of the padded UTL pouch allows it to be quickly and easily attached to nearly any type of firearm or item such as a bike, tools, or your own forearm.

The HK Quik-Comp is easily installed on any USP, either alone or with an HK Scope Mount.

Heckler & Koch and Insight Technology Inc. have collaborated to develop a powerful accessory light that attaches to the HK USP Pistol. Smaller and more powerful than a conventional flashlight, the Universal Tactical Light (UTL) adds a dimension of tactical flexibility to the USP absent in other modern semiautomatic pistols.

The HK UTL can be quickly attached or removed from the pistol and provides an immediate source of illumination. With easy to use controls, the HK UTL ensures law enforcement professionals or home owners can identify potential threats in critical low light situations.

Using a USP pistol fitted with a UTL makes alignment of the light and pistol easier than using a separate flashlight. A separate light can be difficult to use and hold while manipulating a pistol in a life threatening situation. The UTL can also be detached from the pistol and used in place of a conventional flashlight.

The UTL is designed and manufactured by Insight Technology Inc. (ITI), the same firm that created the special flashlight and laser aiming module used on the .45 caliber HK "SOCOM pistol" under development by the US Special Operations Command.

Available exclusively from Heckler & Koch Inc., the UTL fits all variants of the USP pistol and can be purchased with an optional remote cable switch, tactical carrying pouch, and universal shotgun mount.

The HK Quik-Comp is a unique muzzle brake/compensator that attaches to the universal mounting grooves on the USP and enhances the pistol's performance by redirecting propellant gases through an expansion chamber and a series of directional ports. The Quik-Comp reduces muzzle climb and helps the shooter deliver accurate multiple shots quickly. The Quik-Comp reduces muzzle flip, felt recoil, and muzzle flash.

Adding a USP Scope Mount completes the transformation of a standard USP into a high-tech action pistol suitable for competitive shooting. The durable HK USP Scope Mount can be mounted alone or in combination with the HK Quik-Comp and supports most pistol scopes, electronic sights, and other aiming devices. A "see-thru" design, the USP scope mount does not obstruct the pistol's metallic sights.

Manufactured of high strength, durable alloy, the USP Scope Mount accommodates universal-type mounting rings. Installing both the USP Scope Mount and the HK Quik-Comp is quick and easy. No gunsmithing is required. Any USP variant can be turned into a state-of-the-art competitive handgun.

HK Products are only available through HK Authorized Dealers. For the location of your nearest dealer contact Heckler & Koch Inc. at (703) 450-1900.
